ALCANADRE CLUB 30

Designed for canyoning, the ALCANADRE CLUB 30 is an easy-to-use pack for groups. The padded shoulder straps offer great comfort during the approach. The large opening makes it easy to stow and remove the rope. The multiple drain holes optimize water evacuation. It is equipped with three colored-coded loops for attaching the rope ends and rescue equipment. The buckles on each shoulder strap quickly release the pack in an emergency situation. Its construction and reinforced upper handle make it very durable.

Cordlock makes it easy to close the pack.

Multi-position webbing allows the pack to be transported efficiently in any situation.

Drain holes in sides and bottom evacuate water efficiently.

Three color-coded loops inside the pack for attaching the rope ends and rescue equipment.

Short Description Easy-to-use canyoning pack
