MINO

MINO is a small, lightweight accessory carabiner ideal for hanging accessories on your harness. It is ergonomic and easy to use, even with gloves. MINO is sold individually or with two additional accessories (CAPTIV-type anti-rotation bar and LOCK-type locking bar).

MINO is ideal for hanging accessories on the harness, such as the TOOLBAG tool pouch.

The interior is designed with a smooth surface, allowing the accessory carabiner to rotate more easily.

MINO can be used with one or two accessories: anti-rotation bar like the CAPTIV and/or locking bar like the LOCK.

Short Description Non-PPE accessory carabiner

Selling Points

- Multiple uses:
 - Ideal for hanging accessories on the harness, such as gloves, a TOOLBAG pouch, or small pieces of equipment
 - Can also be used to connect a chest strap to a mechanical Prusik when using SRT/SRS for tree care
- Ergonomic and easy to use:
 - Oval shape allows for better positioning and offers a better grip
 - Interior designed with a smooth surface, allowing the accessory carabiner to rotate more easily
 - Keylock system helps avoid any involuntary snagging
 - Can be used while wearing gloves
- Two available accessories:
 - Bar, like the CAPTIV, limiting the risk of rotation
 - Gate locking accessory, like the LOCK, preventing it from accidentally opening
 - The two accessories can be used at the same time if necessary
 - Sold individually or with the accessories

This product is not PPE (Personal Protective Equipment).

Specification

- Strength: 400kg
 - Gate opening: 13mm
 - Weight: 11g
