## SARKEN

Technical mountaineering crampons, with LEVERLOCK UNIVERSEL bindings. The T-shaped front points are designed for excellent penetration of hard ice and comfort on mixed terrain, while providing solid purchase in snow.

Device that allows the linking bar to be shortened for small sizes.

ANTISNOW system, included with crampons, limits snow buildup in any snow conditions.

---

**Short Description** Technical mountaineering crampons, with LEVERLOCK UNIVERSEL bindings

---

**Selling Points**

- Technical crampons:
